

## **Ray Newman Jr.**

2007 Inductee

Ray was an outstanding young baseball prospect and played 2 years in the Boston Red Sox organization. He is one of the original 1984 SMSBL players and continues to dominate games into his 70's. An example of his talent was displayed when he hit one out of the park during the Phoenix World Series when he was ~70 years of age. His resume includes being a member of the LaSalle Club Hall of Fame (2005), 19 years in the SMSBL, and winner of 11 World Series rings. A true gentleman on and off the field.
