

Irv Scott

2008 Inductee

Baseball was always in Irv's blood. His father is a prestigious LaSalle Club Hall of Fame member. Irv had modest success in youth baseball. Then, in 1984 Irv began an outstanding baseball revival by playing in the inaugural Sacramento Veteran's baseball League later to become the SMSBL. He soon was recruited onto several teams in both the SMSBL and NABA, and became a premier world class player in the 50+, 60+, and 65+ age groups. He played short stop/second base and made one of the greatest plays on a bad-hop grounder in MSBL World series history. He is now a premier 65+ pitcher. He was always a great clutch left handed hitter and helped his teams to 8 National Championships and many Tournament Championships.
