

## **Dennis Viegas**

2011 Inductee

Born and raised in Sacramento, Dennis played organized baseball since 1965: Little league, American Legion and 2 years at Sacramento City College. He played many years in the Sacramento City winter and night leagues before joining the SMSBL in the early 90's. Through the years, Dennis played on many MSBL championship teams in regional tournaments including Las Vegas, Palm Springs and Woodland-Davis. He first attended the MSBL World Series in 2001 and hasn't looked back since. Spending 3 weeks in October at the World Series has become a regular tradition. Dennis has been a key player on nine World Series Championship teams and one Florida Fall Classic championship team. He considers those championships a bonus after meeting many good people from all over the country and making many lifelong friends and teammates. Dennis is one of the rare people who, in his 50's, can still run, field and hit like he is still in his 20's. He currently works as the complex manager at Dan McAuliffe Memorial Ball Park, and has been instrumental in creating the premier baseball facility for SMSBL and the city of Sacramento for many local high school and youth baseball organizations.
